

# Riverside Dairy Combination Stock Sale of CATTLE HORSES

## Thursday, March 27, 1913

Big second annual event and the sale event of the season, in this section and breeders, farmers and stockmen generally will find it to their advantage to be present.

Sale Will Commence Promptly At Twelve O'clock Noon

**FREE LUNCH SERVED AT 11 A. M.**

### 75 Head of milch cows, springers, heifers and calves.

This is a lot of choice, very high grade Holstein cows, heifers and calves and 15 Guernseys are included in the bunch. All of the cows are bred to my pure bred Holstein herd bull Norwood Homestead Hangerville, No. 62401. The grandsire of this bull has 116 daughters in the advanced register. A lot of these cows are milking now, and all that are old enough will milk during the summer. The most of these cattle, with the exception of the young stock, which I have raised, I bought in Wisconsin and they are as nicely a marked bunch of cows as can be found anywhere. Not an animal to be sold is over six years of age. There will be offered for sale cows that with proper care will produce 60 lbs. of milk a day. All of my cattle are tuberculin tested every year and I have never had a re-actor on my farm. Any person buying cattle, where the cattle will have to be shipped, cars will be

bedded and hayed and cattle loaded free of charge. Two young pure breed Holstein bulls will be sold, from my herd bull and high producing cows. This is without question the grandest bunch of cattle ever offered for sale in this section of the country. Any man desiring a cow that will deliver the goods, will find what he wants at this sale. Everything will be sold as advertised. No by bidding. My reason for selling: I am giving up the Foote ranch and find that I have too many cattle for my home place.

### 20 Head of Horses

Consisting of a lot of good farm mares and geldings, weighing all the way from 1000 to 1700, and ranging in age from three to ten years.

One 16 horse steam engine will be sold

## Terms of Sale

Time will be given until Oct. 1, 1913 on approved security with interest at 10 per cent. 5 per cent discount for cash. Sums of \$10 or under cash.
